CHRISTIANS IN WEB3

a missional prayer movement

Vision

- **Model prayer agenda after the "Lord's Prayer"**
  - Recognizing who God is - His identity and character
  - Requests – Praying God's Kingdom into the technology industry
  - Praying for God's redemptive work in Web3
  - Praying for God's work in the CW3 ministry
  - Praying for God's work in each of our lives personally and professionally
  - Confess and repent of sin to prepare our hearts to step into the week
- **Meeting Qualifications**
  - 2 or more Christians gathering weekly IRL or virtually for 45 mins-1 hour

Guide/Reminders

- **Community lead guides the agenda**
  - Keep your eye on the clock!
  - Clearly tell the attendees when it's time to transition to the next section
  - Have someone take meeting notes so that prayer themes can be recorded in case important encouragement is shared. No need to share personal private details, just high level information
- **Follow the Holy Spirit**
  - If God prompts you, you can diverge from agenda items
- **Equalize sharing time [optional]**
  - Avoid long prayers to ensure everyone contributes
  - Community lead should model short prayers and can tell everyone at the beginning to limit sharing to around 30-60 seconds per prayer
- **Normalize silence**
  - Leave room for God to speak in the quiet! If you just prayed and no one is praying you don't have to pray again. Just wait patiently 🙏🏼
